

October 2016

From the President:

Another Retreat has come and gone..If you missed it plan on next year!! It was a great 3 days of classes and sewing, making new friends and catching up with old!!

There are still some openings on committees for next year so consider pitching in and helping out. The guild is also looking for a couple of members to take over the local teach committee. The current committee will overlap next year to help out the new committee.

We will also need a new retreat chair in 2018 so please consider this position and work with Kathy next year to learn the ropes.

The next big event is Capital Quiltfest November 4-6 in Bismarck. Check it out and get signed up. We will have a quick meeting with a retreat report at noon Saturday.

Sleep up is coming in January. It is always a fun time to get together and sew!! Hope to see many of you there.

The Retreat was a good time and I think everyone enjoyed their classes!! We had great teachers and the classes produced some awesome projects!!! We all were so happy to see Shirley Lee and some of her fabulous quilts and to just visit with her. Thank You Shirley for coming!!!

Thanks to all who helped make the Retreat a success and to those who filled up ALL the positions for next year!!! It's our 25th and we already are lining up teachers, vendor and are working on a memorable time for all who attend. We hope to bring back as many as we can to celebrate!! Watch your mail for a Save the Date card with more details on this milestone retreat.

Thanks again to all for your help!!
